Dear Laura -

Ever since I got
your beautiful book I've wanted
to write and congratulate you
on the incredibly superb job
which was done.

I've heard so many people
speak of it - and it really
is a thrilling accomplishment,
which must give you a

deep and abiding satisfaction -
and repayment for all that
you endured in the doing
of it.

I never received my notice of
the tea for you at Edith
Farnsworths - and was really
annoyed and chagrined when
I heard about it afterwards.
When next you come up - I
hope that I shall learn about
it in time to see you.
