Ms. Nilpiz:

No wonder that I admire you so
much — you not only photograph,
beautifully, my favorite people, but
you live in my favorite city —

Thank you for the pleasure your
books have given me and please
remember how very respected you are,
professionally, as well as being a beautiful
person. —

The enclosed photograph illustrates
 my own love and respect for your
 wonderful Southwest. It is a bronze
 entitled simply - Wapi - Unfortunately,
 the gallery was required to secure it so
 it wouldn't be "ripped off" (thus the wires)

I am looking for your book on Canyon
 De Chelly - I have your "Enduring
 Navajo" at hand, and enjoy it so very much -
 My very best wishes for your next projects -
 Dee Noble
