DEAR Laura:

First, I send you one of my favorite animal pictures - which I don't recall seeing in your book. I have treasured this one for some years - maybe you have it?

Second, we have decided to have 125 cards instead of 100. And, we have decided to have some printing on them. Is

there a good printer in Santa Fe?
Nat thinks there is.

I have made a "dummy" card.

We will write our names - not
have them printed.

Thus, I haven't gone to
San Francisco as yet - from
whence I will send you the
Indian Arts Fund check.

Affectionate greetings
Margaret.
