Dear Miss Gilpin:

My wife and I enjoyed meeting you and thank you for the pleasant time we spent with you.

It would be most helpful to me if, when you send me the 4 prints we decided upon, you will also include the full name of each of the churches, their location, and an approximate (or actual) date of their construction. I would appreciate having that information very much.

Thank you again.

Sincerely,

Wybe J. van der Meer
