Dear Miss Gilpin:

This is to confirm our telephone call of this morning under which we have ordered prints of your Yucatan photographs of 1946, numbers 2256 and 2247. These prints are to be approximately 4-1/2 x 6 or 6-1/2 inches.

I want to thank you for your patience and to assure you that we will return to you all of the proofs we have together with the slides. It has been a pleasure working with you on these. Roland Meyer of Crocker is setting the pamphlet together under the direction of John Jennings, Associate Editor of the University of California Press. Jennings is doing this as outside work and is not to be identified with the University.

As you know this is somewhat of a prelude to the getting out of a total report on Las Monjas by the University of California Press.

Sincerely,

John S. Bolles, FAIA
