Dear Mrs. Gilpin:

Thank you very much for your letter of
November 2nd.

Due to the fact that your photographs
are relatively costly, I have asked
Dr. Brown to make more definite choices
as to which photographs he would like
to use, before I order the prints. We
are ordering so many photographs which
will not be used that it becomes quite
costly at \$10.00 a print.

Should Dr. Brown tell me more specifically
which of your photographs he is interested
in (for example, one photo of San Jose, rather
than three), I will then proceed with my
request.

In your letter you also mention that the
reproduction fee, should any of your prints
be used, will follow later. I would appreciate
it very much if you could tell me what your
reproduction fee is, so that we might figure
the total cost of your photographs.

Thank you so very much for your cooperation and
assistance.

Yours sincerely,

Nancy Glassner
