Mrs. Annie Wauneka,
Window Rock, Arizona.

Dear Annie:-

My book is finished except for a few final checks and will, I hope, be shipped off to the publisher by the end of the week.

While I am sure that I have the facts correct, in the two parts enclosed herewith, the short biography of you and a brief account of Health and Education, I have suddenly decided that I would feel better about it all if you read and approved these.

I enclose also a release blank for you to sign, a matter required by publishers. This is self explanatory. I also enclose a return self addressed envelope for the return of the material.

I hope that this will find you at Window Rock and that you will have time to read these few pages. Please feel free to make any changes or corrections you see fit. These are both short, but I am sure that you will realize that with so much ground to cover in the entire book, that only an outline of a number of important parts can be given.

I did not expect to be this long in winding up the whole work, but I have not been too well, and for a while Miss Forster was ill, so there have been many delays. However, now it is just about done, and I am anxious to get to the publishers.

I hope that this finds you well and that all is well on the reservation. I was interested to see the recent action of the Council as reported in the news.

My best to you and I hope to see you before too long. And my regards to any of my friends you see.
most sincerely
