Dear Mr. Wardlaw:-

Your letter with its good news was most welcome. I am ofcourse exceedingly relieved and gratified over the decision of your faculty committee. I await your decision as to printer and all the many details yet to be worked out, and I assure you of my everready desire to cooperate in every way.

In a few days I shall send you a portfolio containing some alternate material; this includes my original portrait of Annie Wauneka, and two pictures made into uprights rather than horizontals. The way the text works out will pretty much decide which to use. Also I am sending a list of Navaho words or names to Herbert Blatchford to make a phonetic list. And when it comes down to making measured pages, I can change, delete or add to fit the picture progression. Ofcourse these are all things we can discuss and whenever you wish, I can come down for this. I believe I can make the trip alright if I should come by air. For the past four months I have been on crutches due to a bad hip, and I am slow and awkward in getting about, but I manage.

I am looking forward to meeting you and to wrking with you over all the final decisions. With kindest regards, I am

Sincerely
