Dear Mr. Wardlaw:-

My apology for being so long in answering your letter. I was assembling and hanging a small show up at Sait John's College. Now that I am on crutches I am so slow and still have not rearranged my thinking in terms of my small's pace. I am hoping to get my back into better shape before too long and the props can be done away with.

There are two or three things in the contract that I want to talk over with you, and as I am hoping that I shall hear that you are coming soon, I am holding the contracts until we can discuss them in person. Nothing to worry about, only I want to be sure that my understanding is correct. I talked to Mitch last week and he said he might come up with you. He wants to go over the show I will have at Amon Carter next year and we both thought it would be a good plan to do this while you are here.

Please give me a day or two to clear my decks, and I can't tell you how I am looking forward to going over the book with you.

The PAINTED WALLS OF MEXICO has just arrived. Thank you so much. It looks wonderful and seems an excellent printing job and I see Meriden did it. Good.

With best wishes,

Sincerely
