Mr. Robert Hudspeth,
University of Texas Prdss,
Austin, Texas.

Dear Mr. Hudspeth:-

For two weeks I have trying to get an order in to you, for the one I thought I gave Mrs. Morris, was perhaps misunderstood. It doesnt matter. Now I find that I am going to need a total of twenty copies in addition to my free ten. Mrs. Webb has let me have fifteen, and I shall need five more. I will return her fifteen when you send these. I have a great many obligations to fulfill on this book, and then I want about three for Christman gifts.

It is ofcourse wonderful news to hear that the book is going other places than here. One's home town doesnt count because friends do stand behind you.

I have just had a call from Mr. Frank Crabtree, dir director of the Museum of Albuquerque who want to have an autigraph affair a week from this coming Sunday, the 15th (?), if he can get the books. I gave him your name and telephone number and I expect you have already heard form him. This is a good location (the old Airport building) and following last nights TV broadcast in Albu. this should be a good follow up. I will be in Austin next week and hope to find you there. Excuse hasty note,
