

Dec. 10
1971

Mr. Steve Rice,
University of Texas Press,
Austin, Texas.

Dear Steve.

The eight books came through quite quickly and they were all gone in two days. All but one out of town, and one to be mailed out. So I was glad there were mailers included.

Now I should have eight more. I enclose my check for eight, either the ones just here or the new ones, but I will catch up on this very shortly anyway. Since I got my last statement, I feel sure that I have been charged with some books for which I had sent a check. Have been too busy to go over my accounts to find this out but will do so as soon as possible. The statement from the auditor did not say how many copies (total) of the first printing were sold, nor how many of the second. I do want to know this. Will write in to that department soon.

Have just been over in the Cortez, Colo. area, and quite a little interest seem to stir up because I was over there. Hope you got orders as a result.

How was your trip? Do let me know and I hope sales are going well this Christmas time.

Most sincerely
