Dear Steve:-

Enclosed please find the address to which to send a copy of my book. We have had bad luck here with copies by regular mail. Also I include my check for this book and three more \$42. If you will send these here to me. I am off for the Canyon again tomorrow and have still two copies to take with me, one a gift to the Chairman of the Navajo Tribal Council. One just to have along.

Best wishes to all and hopes for a good Christmas season coming up.

P.S. Why are shipments so slow? I hear this everywhere. The Navajo Museum at Window Rock had ordered some for a special event for which I went over and the books did not arrive on time. I don't know when they ordered them, but I hear this here and elsewhere.
