Miss Candy Adams,
University of Texas Press,
Austin, Texas.

Dear Miss Adams:-

I have given my consent to Concepts Unlimited for the one time use of three pictures in The Enduring Navaho. These are on pages 131, 142 and 170. I mailed prints of these to her three days ago.

In the event of any more such requests, I would appreciate it if you would send me the order so that I may make prints from the original negatives rather than from a possible copy negatives, unless you can send any such prints to me for my O.K. I know I made quite a number of prints for Mr. Wardlaw when the book was published. These may or may not have been returned to you. Sales on the book must have increased since Steve Rice was last here for he told me then that he had enough copies to carry him until the new printing was out. Good.

With best wishes to one and all,

Sincerely yours,
