Dear Ms. Gilpin:

Last summer our son, Roger Manley, worked at Philmont Scout Ranch, Cimarron, N. Mex. While there, he saw a photograph of yours of a Navajo woman and her child. I believe it was called "Lilly Benally + Child". He wrote you about it and you answered that you did have a print 11"x14" dating from early 1940's - signed. Is this still available? We would like to purchase it for his birthday. We had requested it for Christmas

but we were involved in moving to a new house and I delayed too long. (I hope I remember the facts about the picture as Roger told us in the fall.)

Roger is a college student and has won several awards for his photographs. He was certainly enthusiastic over your work.

I will look forward to hearing from you.

Yours truly,

Zora Manley
(Mrs. R.E. Manley)
