

15 June 1965

Dear Miss Gilpin,

In the process of separating papers for Sammy, I found your map and will send it on to you. I see that he marked the Isogi Wilderness Area in ink. He's not feeling well enough to do any work but needs rest & food. We hope this isn't too late, because you do need it. You remember how disorganized with papers Sammy is. We apologize for returning it so late.

Sincerely
Shirley Sells
