Dear Miss Gilpin:

Don't give another thought to the business about the German printer. I am sure that both of us want to make as beautiful a book as possible and that we can work harmoniously toward that end.

We are mailing under separate cover today via Educational Post (insured) Part I of your manuscript with the text. We are retaining the other material you sent.

I am off today for two weeks in the East.

With cordial good wishes, I am

Sincerely yours,

Frank H. Wardlaw
