Frank H. Wardlaw,
Director,
University of Texas Press,
Austin, Texas.

Dear Mr. Wardlaw:

We have received your letter regarding the Laura Gilpin book, The Enduring Navaho. We have watched this book develop over the years - and are enthusiastic about its' broad and beautiful presentation. Both of us believe that this book will become a prime reference book relating to the Navaho - as well as a masterpiece of photographic record.

We would appreciate your supplying us with the full details which could increase the color plates (as you suggest). We will be glad to give it our immediate consideration.

Sincerely,

Mr. and Mrs. Nathaniel Owings

*Could you let us know the price per photograph for each additional colored plate.
