Dear Mr. and Mrs. Owings:

We are indeed grateful to you for your interest in Laura Gilpin's book.

As things now stand our budget calls for nine color plates, with an outside possibility of stretching it to twelve. We would like to add nine more plates; an informal estimate from our printers indicates that this will cost about \$4,500. Six additional plates would cost about \$23,000, perhaps a little more.

If your foundation is in a position to help us add these extra color plates to the book, all concerned will be sincerely gratified.

Please forgive my delay in answering your letter. I have had to make two trips out of the state.

Very cordially yours,

Frank H. Wardlaw
Director
