Miss Laura Gilpin
409 Camino del Monte Sol
Santa Fe, New Mexico

Dear Laura:

Thank you for your letter of July 20.

We plan to handle the layout as follows: the text will be set into type and galley proofs pulled; at the same time the halftones will be shot and Vandyke proofs made of them. Then our designer will paste up a page-by-page dummy using the galley and the Vandykes. To attempt to cast-off the manuscript on a page-by-page basis and plan the layouts in that way, as you have suggested, would be quite unworkable since many pages wouldn't turn out exactly as they were cast-off and changes would have to be made in the text to make it fit. We will follow your suggestions as closely as possible, but the actual design and layout has to remain in our hands. Miss Downs, our designer, will note particularly your jacket suggestion. This would make a handsome jacket. We may wish, however, to repeat one of the color pictures on the jacket.

I hope we will know soon about the additional color.

We have the list of errors and corrections which you gave me when I was in Santa Fe. A Xerox copy is enclosed.

Very soon now we hope to decide definitely how the book is to be manufactured. When this is done we will get bids and be able to assign the book a specific spot in the editorial and production schedule.

I'll be writing to you again soon.

All the best,

Frank H. Wardlaw
