Dear Lucille:

It was good to hear from you. I am glad you are going to give the autographing party for Laura's book. Bob Hudspeth, our sales manager, will be in Santa Fe later this month and will get in touch with you concerning details.

Enclosed is our fall catalog which gives details about the book. Also enclosed is a copy of our discount and returns policy. Yes, we will be happy to engage in cooperative advertising.

Bob is sure we can arrange matters so that your competitors will not jump the gun.

The publication date is not yet firmly established but we expect it to coincide with the opening of Laura's show at the Amon Carter Museum. I see no objection to a party in Santa Fe a day or two before the Fort Worth opening, but it probably will be best to have it a day or two afterward because Laura will be in Fort Worth for the show. Perhaps you should check with her.

Unless we run into serious trouble with the color pages the book will be ready on time. It is currently on schedule.

My best to you and Todd.

Hasta la vista,
