Dear Laura:

The technical equipment at KLRN is booked solid for Friday, December 13, and the studios are closed on Saturday. Do you suppose you could come to Austin December 9 and tape the interview the morning of December 10 before going on to Fort Worth? If not, Mrs. Hodge says she will be happy to interview you at any future date at your convenience, providing the facilities are available.

All the best,

Frank H. Wardlaw
