Dear Laura:

Thank you for your letter of June 11. It came while I was out of the state. I appreciate your writing as you did.

I am delighted about that doctorate. It was richly deserved.

Within the next month we will definitely schedule the re-printing of The Enduring Navaho. As soon as Steck definitely decides when they will print the color I will let you know in advance so that you can make your plans to come to Austin.

There is an outside chance that I will be in Santa Fe for a day or two in August. I'll let you know when my plans have jelled.

August Frugé, who is a member of the Board of Directors of the Sierra Club, visited us recently. I asked him about their sales situation. He said that we had done much better with The Enduring Navaho than they did with most of their expensive books.

Rosemary and I had a wonderful trip through Kansas to Wisconsin and back through Virginia and the Carolinas.

All good wishes to you.

Very cordially yours,

Frank H. Wardlaw
