Dear Laura:

Frank gave me a copy of your letter of January 25. By all means go ahead with the prints for the quarterly publication of the Southwestern Association of Indian Affairs. The same goes for the Institute of American Indian Arts. We will always trust your judgment in such matters.

Thank goodness, La Fonda finally paid its bill and bought some stock, including The Enduring Navaho. I hope they have the good sense to keep it stocked between Steve's visits.

Best wishes,

David H. Gilbert
