

April 13, 1938.

My dear Mr. Vandermeyer:-

Can you give me some idea of what pictures you would like? I find I am at sea as to what would be the best things to send you.

And I want to ask you if you have thought of contacting the Guggenheims. Their fortune came from Colorado and they are interested doubtless in our country. And did I ever tell you of the series I have long wanted to make of the "Story of Gold" with pictures of the various forms of gold mining, the assayer, the smelter, everything including a series in the Denver Mint if I could get permission to make these. It would make a swell set and one that I have long wanted to do. And I wonder if such a series would interest any of the mining people of this state.

In the mean time tell me if you want a landscape, Navaho, Archaeological, industrial, or what.

Hastily,
