Dear Laura:

Your book has arrived and it is truly a work of art. I shall prize it always and will share it with the other Altrusans in Marion.

It means so much to me...as a reminder of my first visit to that part of our country. I shall be very proud to show it...and to say that I know you. I hope that sometime in the future I shall have an opportunity to express my thanks to you in person....

Very best wishes,

RK:CR
