

Memo from True

And I'd like to get
Laura Gilpin's autograph,
even tho I don't know her.
It's a book to keep and help
pick out the right spot for
a 'tobe house on the Rio.

Those cotton-pickin'
pix on 150-1, good photography,
but how can she dismiss
the horrible subject with
calm words like that?
"Rhythmically..." Listen, I pick
maybe 150 pounds in my day-
rhythmaint the best word.

If it's not policy to
give out author's address
(a good policy - not) would
you please relay for me?

Maggie, my wife, was
taken with the Border
scenes. She spent some
months at Laredo. I
was mostly confined to
Eagle Pass. (not word)
