Dear Laura,

I am terribly sorry about the mix-up in the mail and the fact that you did not get the letters before you left for Washington. We made the appointments with Dr. Rauh and with the Mexican ambassador, and trust you got our wire in time to keep the appointments. I am enclosing the two original letters which were returned to us and a carbon of our letter to Mr. Lipsey. Let me know if there is anything else you will need. Best luck to you in your work.

Sincerely,

*Walter L.*
