Dear Laura:

The manuscript and photographs arrived and quite frankly I admit that it made me homesick for the west, looking over this excellent group of photographs of that country.

I haven't yet had a chance to go through the text and analyze it, but we'll all be doing it here and give you our comments as soon as possible.

Mr. Duell's letter to you answers your question about the deadline, which I hope will solve one of your biggest worries. I really think we've got a grand book here in the making.

Sincerely

DUELL, SLOAN & PEARCE, INC.
