June 30, 1948

Dear Laura:

I think your idea on TRINITY (the bomb crater) is something which is very important to the book, and I would be delighted to see what you would do with it.

We are all disappointed that we can't get the book out this fall, but your acceptance of the situation makes it easier. In the meantime this compensation may help.

Sincerely,

Walter L. Goodwin, Jr.

Miss Laura Gilpin
