Dear Laura:

We mailed the dummy by air mail to you on January 14. This was sent directly to the Santa Fe address, but I notice in your last letter that we should have used the Brownsville, Texas, c/o General Delivery, address. I am hoping that this will be forwarded to you at Brownsville from Santa Fe.

I have had the first group of photographs made into plates and all of them are going back for corrections now. As soon as I get satisfactory proofs I will send you a ~~let~~ *set* unless you are going to be on your way East immediately. Also I am awaiting anxiously your reaction to the dummy.

Sincerely,

Wally
