Dear Laura:

The revise of the San Luis Valley map is in, and I don't think we will have to remake the whole plate. We will put the spot for Pike's Stockade above the river and strip in The San Luis Valley. The correction has been noted on page 233 to capitalize The High Country and the Delta.

On the print for the proposed dummy, we can choose something from the book and then if we need a better print I will write you about it, although I think we can use what we have here.

Another group of revised proof is being sent to you today. I am only sending a proof on the ones I feel are okay with the corrected and marked proof, but no originals. The Beck plate of the double spread went back for revision, and I will send this on to you as soon as it comes in.

Sincerely,

Walter L. Goodwin, Jr.
