Dear Laura,

I sent the document to Mr. Bondurant today.

I am going to live in Corpus permanently and will be at 318 Baker Drive indefinitely, so far as I know now.

The reason I didn't thank you for your book sooner, is that whoever is in charge of forwarding mail from 524 4th, kept it for about a month.

I am just crazy about it, and everyone here to whom I have shown it, is about to order a copy, or so they say, to give for Christmas. I told them to order from you when they do. Two nice old girls, who were with me in Mexico at the time of the accident, live across the street from me - name of Hunter - and they said they would want the book. They are teachers in the college here.

Love and more later when I get my own typewriter back.

Edna

Lots of luck to you in Dallas - so sorry I cannot be there.
