

I bought outstanding things for the
shop - as usual spent too much
money but Beauty is hard to resist.

I was sorry to have missed
you and hope you will come again
this year. Again my thanks and
best love always.

Fannie

Dearest Laura + Betty -

I was just overcome with
the gift - really too much, but
thank you a thousand times. I had
not ordered my copy from Edith
because I intended getting it direct
from you. And so I did! but
not as anticipated. It is a
wonderfully beautiful book and
you can well be proud of it
Laura. I hope all expectations here. I love
it.

I had a perfect trip in New York -
saw six plays - luncheons - dinners
& what not - Slept like a
babe - no allergies, Even on a
feather pillow. It must be C.S.
itself to which I am so allergic -
yet I missed these beautiful
Parks - clear air - and mountains.
A sad home - Coming tho' - Miss
O'Shea who had been ill for
some months - tho' not in bed
or out of work - suddenly took a
turn for the worse and died
this Monday. Hodgkins Disease.

I had a race to be forgotten day
in Con. with the Hochman
Robinsons. Michael is no better
for his mind keeps working and
he has kept up with writing -
we had great good talk - he
needs constantly - for the good
firm & take is gone - are the motor
power in legs & arms - he struggles
when he walks - is in a chair as
he for the most part. The
Burdett Robinsons are a fine pair
& feel privileged to have him
