Dear Laura:

It is good to have your quick response and to be brought up to date on some of your activities. I am sorry that letters evidently did go astray.

Please keep me posted on developments with your Navaho book. Is the person planning to present it to a foundation, a publisher or is that being undertaken by a private individual? We should be glad, of course, of the opportunity to cooperate with a foundation in the publishing, and this might well allow us to do something about THE RIO GRANDE at the same time.

With best wishes.

Sincerely,

Miss Laura Gilpin
