Dear Wally:-

The proofs of the short measure came and one copy were returned to you day before yesterday. I do not recall having seen them, but no matter, and now I have one set in my dunny.

As to the last pages, your letter of yesterday I believe solves it. I think it would look well to drop the last plate, I leave it to your good judgement anyway. The Confucius quotation should wind off the righthand page nicely and it should be the very last thing. Without it, those two pages would be empty, but I do think that with the Italic setting that last page should be swell.

I am to have my prints (the 126 of them) up at the Museum beginning Sept. 18th. Jerry Clemens wants and Autograph party on the 20th. Edith Farnsworth on the 22nd. And yesterday I saw Mrs. Greenwood (Villagra) who tells me that she is having the first vation she has had in three years beginning Sept 18th, and wants to have an autograph party on the 16th! What a procession of headaches and how I hate it, but I have to swallow my hate and smile sweetly and pretend that I just love signing books! However the combined gales of those three storms should mount up. Mrs. Greenwood has written to Mr. Hurdon etc. When do we go to press? It must be nearly ready now isn't it? I look for proofs of the front matter, the half titles, and the Appendix every day now. If it will not be possible to have a few sample pages by Aug 16 for the Bank window display can I have a sample jacket? I hate to bother you with so many questions and I know that heat must have all of you worn down.

Yesterday, I sent you by express, the set of prints of the Family and also the print of Father Angelico for Mary. I had then addressed to Bedford and the express agent couldn't find it, only Bedford Hills and I am not sure that that was your station. So I sent them to the office instead. I hope that you will all like them, and again I want to say what a pleasure it was to make them and what marvelously co-operative subjects I had. They are a small measure of my esteem for the Goodwin family. I only wish your mother could have seen them.

With greetings to all,

Sincerely
