Dear Charles:-

Twice during the past year I have written asking what your plans are for the RIO GRANDE. It seems as though you have written me off, for I have never heard from you.

I have had repeated calls from all the New Mex co book stores as well as one from Colorado, & California, and many individuals.

Please may I hear from you regarding a possible third edition? If you do not wish to undertake this what arrangements can be made for the plates to have it printed elsewhere?

Sincerely yours,
