Dearest Laura.

What a
truly beautiful thing you
have created in your
book of the River of Destiny
it is wonderful and all
who have seen it feel
the same way about it.
Such lovely pictures and
the text so well done.
We all thank you for
the copy you so kindly
sent us. we have it

on the Britanic cruise to the
Mediterranean the last of January.
all depending, on Donald's health
of course. So we are not
going as far South as Tryon
this winter. Princeton being
within easy reach of New
York. Boston. Baltimore and
Virginia seemed a pleasant
solution - until we said.
Dorothy is going to stay
in Boston - sharing an apartment
with her cousin & looking

for some sort of a job.

Donald has been pretty well
this summer in spite of having
had three ill turns. He has
had an active pleasant summer
with many guests going &
coming. Donald is absorbed
in his organic gardening &
the southern and keeps very
busy. Again thank you
again, Laura for the book. I
hope our paths will meet
somewhere soon.

Love from us all. Madeline
