My dear Lucera:

What a perfect book
and what an interesting
trip you must have had!
Gertrude Grand sent us
a copy, which is a great
joy. Such a satisfactory
thing to have done, word
of us bring back from a
trip, nothing but a mental
pleasure. Is Colorado
Springs still your home?
We a living end of
Cincinnati. Being being

in the Country, and too,
we enjoy the music
which Cincinnati has
in abundance. The
early German influence
has made an individual
city - suggesting often
a foreign city. I am
sending this to the Springs
and hope that it will
reach you. Trust a greeting
and to tell you how
much we love your book.

affectionately

Marion Mendig
Do plan to come and see us.
