Dear Miss Hilpin
I have just
received your truly
beautiful book
and thank you
so very much for
sending it - and
especially for
the most

generous inscription.

The very little help I gave you was nothing - and very gladly given. So I appreciate the more your kindness in remembering me. The book arrived only this afternoon so have not had time to read it all, but have looked at the excellent photographs and read a good many passages. I shall show this copy to the local bookseller and urge them to stock it. Congratulations
