Tuesday, Sept 27

Dear Laura, -

Congratulations! I'm very
eager to see what we started together.
I'm only just received the little
book I was struggling with that same
summer. William Morris published
Children Know Their Friends on Aug 24!

I certainly would like to
get to Santa Fe some time or other. My
replacer Philip Emery is now based in
Phoenix with U.S. steel - gets to Santa Fe
wherever he can. Last summer we were
much occupied with Eleanor's new

grandson, John McPhee, and his two
year old sister. Endearing people both
of them.

How about your getting to Boston?

Best wishes for the book. I
put my school address on the card
because it is hard for packages to get
into this house.

affectionately
Ruth
