Mr. Jerry Bywaters,
Dallas Museum of Fine Arts,
Dallas, 10
Texas.

Dear Mr. Bywaters:-

I hurried off an immediate answer to your letter by air post card while at the post office this morning, telling you that the dates you suggest are satisfactory to me. As postals sometimes get lost I follow up with this. I will bring the prints with me reaching Dallas by Dec. 1st which should be ample time to hang the show. But I expect it will be necessary to ship the glass as it will be too heavy for my car, however, this I will find out for certain when I hang the show here. Any advance publicity that you wish I can send on before.

I am glad that you will have books on sale at the Museum. This is what we had planned at the Colorado Springs Fine Arts Center nearly a year ago, but the long delay in production on the book halted that though we must ahead with the show an way. Will you order direct from Duell, Sloan & Pearce, or through one or more of your local bookstores or through me? The simplest would be direct from Duell.

I am very happy that you like the book. On the whole the reproductions are very good, but you will find a great difference when you see the originals. I am looking forward to my visit to Dallas very much indeed.

Cordia ly
