Mr. Russell Vernon Hunter,
Dallas Museum of Fine Arts,
Dallas, Texas.

Dear Mr. Hunter:-

I have been out in the Havaho country for a week away from mail etc, and am only just back and find your letter. My apology for failing to notify you of the safe return of the prints etc. Every thing was beautifully packed and all came through safely.

How is everything going with you? It is frightfully dry and windy here. It looks as though we are in for a summer of excessive drought.

This brings my best wishes to all of you,

Very sincerely yours,
