

WILLIAM DICKERSON
509 NORTH MARTINSON
WICHITA - 12 - KANSAS

Thursday, Sept.22

Dear Laura:

As usual we move in haste; I hope this will be coherent enough to be understood. Mrs. Schellenberger was very enthusiastic about having a show of your prints of the book's contents, and would like to have more information about how and when we could have it. I thought you said that Kansas City was scheduled for April; is that right? Our big effort--the Decorative Arts Show--is in May and it takes ALL and more space than we have. Could we have it earlier, perhaps? At any rate, will you let me know how many prints would be available, and when, and if we may have them.

Stevensons tell me that the book is due out today, so we are with you in spirit, and hope that all is marvelous. I don't see how it can miss.

Tommy has been sick almost constantly since our arrival here; if he doesn't snap out of it, we are going to have to find a Western school for him that won't bankrupt us. He was offered a \$400 scholarship to Montecito, but the room and board was \$1200 more for 9 months, and we simply couldn't afford it. I doubt that their scholastic offering is up to that much, anyway.

We enjoyed the visits we had with you this summer so very much--they were too few.

Love -

Betty + Bill
