Dear Don:-

I have been out in the Havaho country for a week, just back and find your letter, so please pardon delay.

Yes, the first three weeks of September will be all right for the Rio Grande prints. I am really glad for the delay for there are several changes I want to make, and this will give me time. They go to Kansas City in June, and I hope to have the changes all accomplished by then.

I am very pleased to tell you that THE RIO GRANDE goes into its second edition very soon. Iant that nice? Less than six months.

In the mean time, my best wishes,

sincerely
