Dear Sir:-

My order for 15 copies of THE FURNLOS
and 5 copies of TEMPLES IN YUCATAN can to the post-
office to-day. The package was in such bad shape
that I refused to accept it. One end was broken
out and I could see the books inside and every one
that I could see had corners smashed. They were
packed in a light carton with no wrapping or pack-
ing of any kind, and as this number of books weighs
a considerable amount the carton was broken. I
promise that you carry insurance and I urge you
to put in your claim at once. In the mean time
will you please duplicate the order as I need the
books.

Very truly yours,
