Mr. Walter Froese,
HASTINGS HOUSE,
67 West 44th St.,
New York City.

Dear Walter:-

The royalty statement and check on both THE PUEBLOS and TEMPLES IN YUCATAN came a day or two ago and was most disappointing. I am pretty sick about the book not being in Yucatan and I am at a loss to understand it. I wish I could get down there this winter.

THE RIO GRANDE is about to appear, a week from today, and I hope it will boost sales on both of the earlier books. They are on the add page. My advance copy has not yet come and I await it to see what sort of reproduction it will be.

Recently some friends here were up at Mesa Verde and came back to tell me immediately that THE PUEBLOS was not on sale there. I thought that had finally been worked out. I will call Mr. King at the Park Service for the Southwest Monuments Asso.

With best wishes and the hopes that all goes well with you

Cordially

I have not yet seen the American Guide but have a copy coming as a dividend from the Book-of-the-Month.
