

April 3

Dear Walter:-

Thank you very much for your prompt answer to my letter. I should like to do just a little more work on my book material before I send it.

I quite agree with you that it is foolish to go to the expense of a trip east right now. I was urged to do so by friends who seem to feel that my human interest chatter about experiences with the Navaho are important. There will be some human interest stories included in the text and perhaps I can finish at least one before I send you the material.

You will find that I have "borrowed" the end paper idea though somewhat different in treatment from the Ylla book. It was a chance to include a lot of material it looked as though would have to be left out!

In any event I shall send it all in in about two weeks when I have time to make a few changes and include a little text.

Of-course my hopes will be that you will like it well enough to find a way to produce it. I would certainly like to be wholly back in the fold at Hastings House.

With best wishes,

Sincerely

April 3
