Dear Walter;

Thankyou very much for your prompt answer. I would like to have you send 25 more copies of "Temples in Yucatan", and I will tell the local bookstores that you only have about 100 left. I think 25 copies will see me through, as I have calls for the book when local stores are not open.

I have just written to Mr. Eje Wray , Design Department, University of Texas Press, regarding my "Enduring HNavaho". For some reason this book never seems to have gotten started in New York City, though I know they have it at the American Museum of Natural History and at Lee Witkin Gallery. Apparently, university presses are very weak in the sales department. My thought has been that perhaps there could be some arrangement with you to distribute the book. I remember sending you copies after seeing you two years ago, and I had a very nice answer from you. The book has done even better this year than the previous year, and the 4th printing is underway at the Meriden Press. I hope that you can give this some consideration and we can work something out. With very best wishes for the holidays.

Very truly yours,

Laura Gilpin
