Dear Miss Gilpin:

Mr. Don Fairbairn of The Evening Bulletin, Filbert and Juniper Streets, Philadelphia, Pennsylvania writes a syndicated column on "Other Women's Lives". He has suggested that he might like to do a short article on you and your work and would appreciate your sending him some biographical material together with your background and where you now live. If you have an available picture he would like that also.

Perhaps you can suggest to him that after he is finished with this material he could send it to us for our files for publicity purposes.

The publicity that he might give us should be mutually beneficial.

Very truly yours,

HASTINGS HOUSE
