Gentlemen:

An acquaintance of ours claimed to have seen a complete set of lantern slides made from our book, *TEMPLES IN YUCATAN* by Laura Gilpin, to be used for educational purposes. We understand that these slides were made by you.

We should appreciate your letting us know if this is the case, and if so by whom and when permission was given to reproduce from this copyrighted book.

We await your news with interest.

Very truly yours,

HASTINGS HOUSE
